Two excellent sites to view Tarot decks by theme are:

<http://www.aeclectic.net/tarot/cards/themes.shtml>

<http://www.tarotgarden.com/database/dbsearchadv.html>

The Tarot Garden site provides information on the cards, while the Aeclectic Tarot site in most cases also provides reviews.

Blatant self promo! I have a book out (“Tarot In Review”) that compiles many of my older reviews, including those of themed decks. All of these reviews are on the Aeclectic Tarot site (www.aeclectic.net/tarot). The benefit to my book is that you have them all in one place.
